

NORTH DAKOTA

Daniel Keith, President

Emerson Ehlis, Vice President

Jeremiah Danel, Secretary

2021 is a legislative year in North Dakota and there are a few dental-related bills being proposed. Most notable of these bills relates to tele-dentistry and its applicability across the various sectors of the dental profession. This bill is being advocated for by a broad spectrum of individuals from across the country and is being opposed, in its current form, by the North Dakota State Dental Board. More to come on this as it is currently in committee.

North Dakota's Dr. **Daniel Keith** and Dr. **Dennis Sommers** will have the privilege of serving on Dr. **Alison Fallgatter's** delegation as 2021 delegates to the AAO's House, which will be conducted virtually in April 2021.

With COVID-19 restrictions loosening in North Dakota, most, if not all, practitioners are back and operating at full speed.

Daniel Keith

Bismarck, North Dakota
