

MSO Board welcome Dan Keith from North Dakota

The MSO Board of Directors welcomes Dr. Daniel Keith of Bismarck, North Dakota, to its Board of Directors. He replaces Dr. Alison Fallgatter, who has become Secretary/Treasurer of the MSO.

A native of Bismarck, Dan earned a BS degree in Business Administration and Chemistry from the University of Mary (Bismarck, ND) in 2005, where he was a 4-year member of the men's

tennis team. Following completion of his undergraduate studies, he attended the University of Colorado School of Dental Medicine, earning a Doctor of Dental Surgery degree. From that point, he attended orthodontic residency at Seton Hill University in Greensburg, Pennsylvania, earning a Masters of Science in Orthodontics. Upon completion of his residency in 2012, Dan returned to Bismarck to begin practicing as an associate orthodontist. In 2017, he embarked on his own to open DK Orthodontics.

One of Dan's passions is coaching tennis and he serves as the head boy's and girl's tennis coach at Century High School in Bismarck. When not practicing orthodontics or coaching tennis, he serves as a pre-dental mentor to prospective high school and college pre-dental students.

Dan is board member to multiple local volunteer organizations, President-elect of the North Dakota Society of Orthodontists, member of the AAO's Council on New and Younger Members (CONYM) and serves on several other AAO committees and task forces.

We welcome Dan as the new North Dakota Director to the Midwestern Society of Orthodontists and look forward to his input and ideas.
